for all the scholarship devoted to mary shelley s english novel frankenstein there has been surprisingly little attention paid to its role in american culture and virtually none to its racial resonances in the united states in black frankenstein elizabeth young identifies and interprets the figure of a black american frankenstein monster as it appears with surprising frequency throughout nineteenth and twentieth century u s culture in fiction film essays oratory painting and other media and in works by both whites and african americans black frankenstein stories young argues effect four kinds of racial critique they humanize the slave they explain if not justify black violence they condemn the slaveowner and they expose the instability of white power the black frankenstein s monster has served as a powerful metaphor for reinforcing racial hierarchy and as an even more powerful metaphor for shaping anti racist critique illuminating the power of parody and reappropriation black frankenstein tells the story of a metaphor that continues to matter to literature culture aesthetics and politics

frankenstein by mary wollstonecraft shelley

200 years after it was first published mary shelley s frankenstein has stood the test of time as a gothic masterpiece a classic work of humanity and horror that blurs the line between man and monster the story of victor frankenstein and the monstrous creature he created has held readers spellbound ever since it was published two centuries ago on the surface it is a novel of tense and steadily mounting horror but on a more profound level it offers searching illumination of the human condition in its portrayal of a scientist who oversteps the bounds of conscience and of a monster brought to life in an alien world ever more desperately attempting to escape the torture of his solitude a novel of hallucinatory intensity frankenstein represents one of the most striking flowerings of the romantic imagination

on the 200th anniversary of the first edition of mary shelley s frankenstein transmedia creatures presents studies of frankenstein by international scholars from converging disciplines such as humanities musicology film studies television studies english and digital humanities these innovative contributions investigate the afterlives of a novel taught in a

disparate array of courses frankenstein disturbs and transcends boundaries be they political ethical theological aesthetic and not least of media ensuring its vibrant presence in contemporary popular culture transmedia creatures highlights how cultural content is redistributed through multiple media forms and modes of production including user generated ones from below that often appear synchronously and dismantle and renew established readings of the text while at the same time incorporating and revitalizing aspects that have always been central to it the authors engage with concepts value systems and aesthetic moral categories among them the family horror monstrosity diversity education risk technology the body from a variety of contemporary approaches and highly original perspectives which yields new connections ultimately frankenstein as evidenced by this collection is paradoxically enriched by the heteroglossia of preconceptions misreadings and overreadings that attend it and that reveal the complex interweaving of perceptions and responses it generates published by bucknell university press distributed worldwide by rutgers university press

filmmakers and cinema industries across the globe invest more time money and creative energy in projects and ideas that never get produced than in the movies that actually make it to the screens thousands of projects are abandoned in pre production halted cut short or even made and never distributed a shadow cinema that exists only in the archives this collection of essays by leading scholars and researchers opens those archives to draw on a wealth of previously unexamined scripts correspondence and production material reconstructing many of the hidden histories of the last hundred years of world cinema highlighting the fact that the movies we see are actually the exception to the rule this study uncovers the myriad reasons why failures occur and considers how understanding those failures can transform the disciplines of film and media history the first survey of this new area of empirical study across transnational borders shadow cinema is a vital and fascinating demonstration of the importance of the unmade unseen and unknown history of cinema

science fiction movie audiences may sometimes wonder how fictitious the science in a film really is yet for many call them the jurassic park generation film and popular media can present a seemingly plausible melding of science and fiction that forms a distorted understanding of scientific facts and concepts recognizing that film is both the dominant entertainment medium and an effective tool for teaching this book featuring articles originally published in the magazine scary monsters separates biological reality from fantasy in dozens of science fiction films including the island of lost souls 1933 the incredible shrinking man 1957 war of the worlds 1953 a clockwork orange 1971 scanners 1980 the serpent and the rainbow 1987 and outbreak 1995
