an essay on comedy and the uses of the comic spirit george meredith good comedies are such rare productions that notwithstanding the wealth of our literature in the comic element it would not occupy us long to run over the english list if they are brought to the test i shall propose very reputable comedies will be found unworthy of their station like the ladies of arthur s court when they were reduced to the ordeal of the mantle there are plain reasons why the comic poet is not a frequent apparition and why the great comic poet remains without a fellow a society of cultivated men and women is required wherein ideas are current and the perceptions quick that he may be supplied with matter and an audience the semi barbarism of merely giddy communities and feverish emotional periods repel him and also a state of marked social inequality of the sexes nor can he whose business is to address the mind be understood where there is not a moderate degree of intellectual activity moreover to touch and kindle the mind through laughter demands more than sprightliness a most subtle delicacy that must be a natal gift in the comic poet the substance he deals with will show him a startling exhibition of the dyer s hand if he is without it people are ready to surrender themselves to witty thumps on the back breast and sides all except the head and it is there that he aims he must be subtle to penetrate a corresponding acuteness must exist to welcome him the necessity for the two conditions will explain how it is that we count him during centuries in the singular number c est une étrange entreprise que celle de faire rire les honnêtes gens molière says and the difficulty of the undertaking cannot be over estimated then again he is beset with foes to right and left of a character unknown to the tragic and the lyric poet or even to philosophers we are delighted to publish this classic book as part of our extensive classic library collection many of the books in our

collection have been out of print for decades and therefore have not been accessible to the general public the aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades the contents of the vast majority of titles in the classic library have been scanned from the original works to ensure a high quality product each title has been meticulously hand curated by our staff our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work we hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
