this book will provide readers with a clear understanding of the basic principles focusing on a study of the relevant case and statute

law

exploring the advantages and disadvantages of codifying contract law this book considers the question from the perspectives of both civil and common law systems referring in detail to issues of international and consumer law with contributions from leading international scholars the chapters present a range of opinions on the virtues of codification encouraging further debate on this topic the book commences with a discussion on the internationalization imperative for codification of contract law it then turns to regional issues exploring first codification attempts in the european union and japan and then issues relevant to codification in the common law jurisdictions of australia new zealand and the united states the collection concludes with two chapters which consider the need to draw upon both private and comparative international law perspectives to inform any codification reforms this book will be of interest to international and comparative contract law academics as well as regulators and policy makers

full text of australian contract law commentary cases and legislation

provides a fresh topical and accessible account of the australian law of contract

exploring the advantages and disadvantages of codifying contract law this book considers the question from the perspectives of both civil and common law systems referring in detail to issues of international and consumer law with contributions from leading international scholars the chapters present a range of opinions on the virtues of codification encouraging further debate on this topic the book commences with a discussion on the internationalization imperative for codification of contract law it then turns to regional issues exploring first codification attempts in the european union and japan and then issues relevant to codification in the common law jurisdictions of australia new zealand and the united states the collection concludes with two chapters which consider the need to draw upon both private and comparative international law perspectives to inform any codification reforms this book will be of interest to international and comparative contract law academics as well as regulators and policy makers

a well designed introduction to the sources of contract law in australia a sister companion book to principles of australian contract law 5th edition

this book gives a detailed account of the current state of the law concerning good faith in contractual performance in australia through an empirical study on its reception and development across the various australian jurisdictions in australia good faith received wide attention after priestly j introduced in his obiter comments in renard construction me v minister for works 1992 26 nswlr 234 this book focuses on the attitude of the judges to good faith the definition of good faith and the possibility of legislating a good faith obligation in australian contract law this book also discusses the issues surrounding its development its meaning and acceptance at the international level the empirical legal research adopted in this book will offer a significant contribution in understanding the concept of good faith in australia from the empirical perspective

published in association with the law and justice foundation of nsw the case law in common law jurisdictions is massive and burgeoning this is particularly true of private law including contract law to date there are over 6 000 australian cases on contracts over 900 of them in the high court of australia there is wide agreement that it is becoming increasingly costly to locate comprehend and apply would it be beneficial if it were replaced by an authoritative statement of the law in a more accessible form such as in a code if there were to be a code should it state the law in a relatively small number of broad principles or state it in the form of numerous detailed rules the authors of models of contract law conducted three experiments which compared the utility of case law with that of two different codes of contract law unidroit principles of international commercial contracts a detailed model code published by the international institute for the unification of private law the australian contract code a short draft code published by the victorian law reform commission in 1992 their book reports the hard data of this empirical research and their conclusions based on it these are there is a good case for codification d it would be better if the code stated broad principles rather than detailed rules

with australia wide coverage this book is clear concise and user friendly making contract law easy to understand and apply it simplifies difficult cases is logically structure and fully footnoted and has a comprehensive index

a comprehensive work outlining the fundamental doctrines of australian contract law it includes practical and insightful commentary on topics such as formation terms performance breach and remedies
